PRELUDE SOCIAL WORSHIP STORY GROUPS HOME

OVERVIEW

In this classic game, players will have to do everything they're told—without dropping their egg.

WHAT YOU'LL NEED

- Real eggs or plastic Easter eggs
- Pizza pan/notebook/book for the egg to rest on
- Large tarp
- Tape

HOW-TO

PREP

- Gather eggs (one for each player).
- Gather flat plans, notebooks, or books (one for each player).
- Mark out your play area and lay down the tarp and tape it to the ground to protect whatever surface you may be playing on.

PLAY

In this game, each player will need an egg and an object with a flat surface, like a pizza pan, or notebook. Have the players place their egg on the flat surface and hold it in front of them.

Once all the players have their eggs balanced, the game begins as the host leads the players around the play area while calling out certain actions such as "walk two steps forward", "stand on one foot", or "turn all the way around three times". If a player's egg falls off their surface, they trip, or are otherwise unable to complete the action or keep up, the player is out.

Optionally, this game could be played as an obstacle race between two teams or players. The players have to transport their egg to the other side of the room, going over and under different obstacles without dropping their egg.
