Philosophy

Written by: the Staff of the CDC

The staff of The Heights Child Development Center is committed to providing a Biblically-based loving and nurturing environment in order to develop the whole child emotionally, mentally, physically, socially, and spiritually. Our desire is to help enhance each child's God-given skills with patience, love, and humor through hands on experiences in play, discovery and exploration so that when they graduate from our program they have acquired a positive self-image, a knowledge of God's love, an eagerness to learn, and a preparedness to excel in the schools they enter. We will continue to strive to be a reflection of God's love.

"The goal of our instruction is love with a pure heart, a good conscience and a sincere faith"

1 Timothy 1:5

Foundational Curriculum and Teaching Methods

The CDC uses the Weekday Early Education Curriculum Guide as the basis for our teaching curriculum. The teachers will enhance this material with other academic resources.

Eight basic concepts:

- God
- Jesus
- Bible
- Church
- Family
- Self
- Others
- Natural world
