

## ***“Worship / Grow”***

John 4:23-24; Mark 11:12-14

Without vision, we will drift. That’s what God intends for us to be about in 2009 ... moving away from a life of drifting to a life of urgency. God has given us a vision of living intentionally for

Christ through worshipping, growing, serving, and sharing. He desires that we worship Him in spirit and in truth. And He is not interested in our religious activities. He desires growth. He wants us to live a life that looks like Jesus.
