

## **Twelfth Grade – How to Find a Church**

*For the final three sessions of your student's senior year, we highly recommend that you use your sessions to do one of two things (or both)! One, have a panel of leaders, pastors, or even some older students who have done college or early adulthood well, and allow students to anonymously write in questions for them! Q&A is a great way to answer exactly what students are asking, and help alleviate anxieties as they move into the next phase of life. The second idea, is to have a few leaders share their personal stories of friendships and advice on finding a church. Since finding a church is so influenced by our cultural moment, we have seen that formats like these work better than a more traditional Bible study to equip students for the next season!*
